BICENTENNIAL COMMITTEE'S REPORT

Piermont observed its 200th anniversary in 1964.

Early in 1963 a decision was made to commemorate the Town's birthday. An initial appropriation was voted for this purpose in March of that year. Shortly thereafter, the Selectmen appointed the Bicentennial Committee which has functioned as a cohesive unit to this date. The first of many meetings was held in July of 1963 when general plans were made.

Three basic policies were decided upon: 1. commercialism was to be avoided; 2. participating organizations were to be on their own, neither financed out of bicentennial funds nor required to contribute to them, and 3. the budget must end up in the black, with no deficit.

These rules were adhered to throughout the celebrations. The Committee is of the opinion that their enforcement was a major contribution to the success of the bicentennial year.

We all remember the enthusiastic crowds over Memorial Day Weekend, Midsummer Weekend, and on Charter Night as well as at the numerous interim events. Satisfaction is taken in the knowledge that our plans provided enjoyment of things present and recollection of things past for so many townspeople and visitors.

Grateful acknowledgement is made to the clubs, camps, social groups, and individuals in this and neighboring towns. Their unstinted cooperation is the real reason why our plans worked out.

With this brief report and the Treasurer's Statement, our task as a committee is done and we disband with heartfelt thanks to all who helped.

During 1964 the Library has taken an unusually active part in the life of the Town, for through the summer of this, our Bicentennial Year, it housed the collection of our interesting local antiques which was on view to the public during Library hours in the reading room and another room opened for the purpose. It was estimated that over 700 people took advantage of this opportunity. It is also good to know that every treasured possession was returned without loss or damage of any kind.

As always, the Librarian and Trustees thank the Town, the Teachers, and their many friends for their generosity and interest; and to Mr. Ralph Riley and the Book Mobile we are most grateful.

And, for another year, Piermont led the per-capita circulation in New Hampshire.

Respectfully submitted,

William R. Deal, Librarian

P. Winn	Grass — set by electric fence	11.30	trifling
False Alarm	Smoke reported by lookout. None found	9.50	

Total cost — 'Forestry' 169.97

Of this total of \$169.97 the sum of \$105.35 was paid by the Town of Orford and \$32.31 by the State; making the net actual cost to Piermont only \$32.31.

Water Holes:

Three new water holes were dug this year. One at the Four Corners, one near Burgess Metcalf's residence and one in the gully East of Underhill's barn. The cost of these was \$178.00 total. It is hoped that this program can be carried on in 1965 again.

Training:

Three formal Fire Schools were held under the direction of Asst. Chief Myron Cummings of the Hanover Fire Dept. The first course was on pumps and pumping and the next two on the use of the Scott Air breathing apparatus. These courses were of great value to the Dept. and it is hoped that more will be held in 1965. They are subsidized by the State and hence cost the Town nothing.

Fire House:

The Fire House was completed to a point where "Open House" could be held in Feb. of '64. Several hundred attended this happy event. Contributed time to date amounts to some 3500 man hours.

Apparatus:

The various pieces of apparatus have been repaired and maintained as necessary to keep them in top operating condition. The new truck required no repairs, of course, but two alterations were necessary to the rear end, one to give greater power on hills and the other to permit chains to be used. These were made by the International Harvester Co., at no cost to the Town.

Fire Extinguishers:

As part of its fire prevention program the Dept., is now selling "Ansul" dry powder fire extinguishers in several sizes. These units are standard fire department equipment, and, as such, highly reliable and long lived. The modest profits realized will be used to purchase several of the larger units for use on the fire trucks; and to keep a sufficient supply of refills on hand at all times.

Portable Pump:

Another portable fire pump has been made available to the Dept. by the Forest Service. This has been a much needed item, and will increase our fire fighting capability considerably.

Small Portable Pump:

To save the regular fire apparatus from being used for

pumping out cellars, etc. (which causes considerable damage to the impellers of the pump) the Dept. purchased a small, plumbers type, portable; together with two lengths of 1½ suction hose and strainer. This item is kept at the Fire Station, and is for the use of any Piermont resident who may need it —at no charge. Only stipulation is that it be signed for and that the Chief notified as to who has it. It was quite popular in 1964.

Fire Telephone:

The fire telephone number is 272-4911. This is a Piermont number; but can be dialed directly only by those on the Piermont exchange. Subscribers connected to Pike or Warren exchanges should dial "Operator" and ask for PIERMONT 272-4911. As a reminder, we hope to be able to place small stickers, with this number on it, on every telephone in the Town.

Fire Permits:

Unless snow is on the ground it is necessary to obtain a permit from the Fire Warden before lighting any outside fire. This includes incinerators and outdoor fireplaces, for which season permits may be obtained. This is State Law. The Fire Warden in Piermont is William R. Deal — Tel. 272-5882.

Mutual Aid:

The Dept. has now been accepted back into the Mutual Aid program of the Twin States Firemen's Association. In addition, the Town has a private Mutual Aid agreement with Orford.

Skating Rink:

With the cooperation of the School Board, a skating rink some 36 by 90 ft. has been constructed on the ball field — and has had almost constant use since the water froze. The 40 by 100 ft. plastic sheet was supplied by the School Board — with 80 man hours of time and 15,200 gallons of water provided by the Dept. It is planned to repeat this project in the winter of 65-66.

REPORT OF THE FOREST FIRE WARDEN

AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape;

(2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

REPORT OF PUBLIC HEALTH NURSE

The following is a report of Health Activities conducted for the Town of Piermont for the year 1964. The activities were carried on by N. H. Public Health Nursing of the Division of Public Health.

There were no immunization clinics held in the town for 1964, but mothers were invited to bring their children to clinics held in Orford and Warren. The following number took advantage of these clinics, having their children receive physical examinations and immunizations.

Physical examinations of children by physician	13
Psychological testing	3
Sabin Oral Polio Vaccine:	
Type I	3
Type II	2
Type III	9
Diphtheria, Tetanus and Whooping Cough	
Series 2, boosters	5
Diphtheria and Tetanus boosters	6
Tetanus boosters — Age 16 — adults	3
Smallpox Vaccinations	2

Appointments were made for children at Cripple Children's Clinics, special pediatric clinics and others with follow-up as necessary. Arrangements were made for admission to Laconia State School. The nurse has given cooperation to Department of Public Welfare Case Workers, working with families as necessary.

Home visits were made on mothers, babies, handicapped children and communicable diseases as necessary.

SCHOOL WARRANT
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Piermont qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 16th day of March, 1965, at 7:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the school district will vote to adopt a plan for extending to employees of the school district the benefits of title II of the Federal Social Security Act (Old Age, Survivors and Disability Insurance) as authorized by Chapter 101 of the Revised Statutes Annotated Amended by Chapter 302 and 332 of the Laws of 1955 and to raise and appropriate the sum

of \$15.00 to defray the school district's share of the cost therefore.

10. To see if the school district wishes to exclude from the plan services in any class or classes of position filled by popular election
11. To see if the school district wishes to exclude from the plan services in any class or classes of positions the compensation for which is on a fee basis.
12. If a plan for Social Security coverage is adopted, to see if the school district will authorize the school board to execute on behalf of the school district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the school district will designate the school district treasurer as the officer to be responsible for the administration of the plan.
13. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.
14. To see if the district will vote to authorize the application of any unanticipated income to expenses.
15. To transact any other business that may legally come before said meeting.

Given under our hands at said Piermont this 14th day of January 1965.

*The starred items are required by law to be raised as determined by the proper authorities. The district determines the salaries of the district officers. The supervisory union board decides the local share of the superintendent's salary and other union expenses. The supervisory union's share of the Superintendent's salary for 1965-1966 is \$6250.00 with \$150.00 allowed for travel. The State Treasurer reports the amount of the per capita tax. The retirement board assesses the amount of the teachers' retirement.

1964-1965

Mrs. Martha Stanley Eckman was employed to teach Grades I-II to fill the vacancy caused by the resignation in June of Mrs. Carol Aldrich. Mrs. Eckman is from Peabody, Massachusetts, a graduate of Gordon College, Wenham, Mass., and holds a B. S. degree, Class of 1964.

It would seem appropriate that the thesis for a concluding report, as your superintendent of schools, be "A Summary of the Profile of the Superintendency."

In this 1964-1965 school year, schools are "at the center of the vital currents of community life." They are touched by forces operating throughout the nation. They must move along through time adding new ideas and discarding obsolete practices in order to keep in tune with the attitudes, beliefs, activities, and hopes of the American people. As America changed from a political experiment in a remote world frontier to the most powerful industrial nation in the world, the school changed, too. The demands upon the school changed, the school's methods changed, the number and types of its pupils changed — only those vital elements which withstood the test of growth have survived. As a whole, the school has become a more comprehensive, an increasingly effective, and a clearly essential social institution.

It is clear now that many of the stereotypes of superintendents are not true, that the cliches do not hold up when the facts are known. Much of what has been discovered should be reassuring to the people of America.

The school administrator of today has far more preparation for his job than did the school administrator of 30 or 40 years ago. His undergraduate schooling is of better quality and has greater depth of scholarship. Possibly of still greater significance — he can be characterized as being on the march with a courageous determination to lift the profession of school administration to a status consistent with its responsibilities and professional complexities .

The operation of a modern school system is a complex and intricate endeavor. "The truly successful superintendent serves as the quarterback of a staff team. Sometimes he runs with the ball; sometimes he blocks for others; at other times he may be a line backer or a lone safety. Of course, the superintendent's signals are called in huddle where his colleagues may question his judgement or he can seek advice before the new play gets under way."

We think often of the *necessity* of education. But, too often, we fail to give attention to the *importance* of education. It has often been said that "education is the ultimate weapon of freedom." If our system of unfettered education were installed in Russia, communist rule could not survive. We are in a great, long-range struggle to determine whether our free society shall survive. In this struggle, the basic source of our strength lies in the education of our people.

We must provide not only more education for more children; we must be sure to identify early and guide the special talents of *each* child, so that each may make the most of his or her abilities, whatever these may be, both for individual achievement and for the progress of our society.

The responsibility for advancing and improving our educational system falls heavily upon the administrator, but it also falls upon every citizen.

In helping our citizens to appreciate this responsibility, our schools might well consider teaching the *subject* of *education* to our children, as a part of their basic course of study.

However long the path may be — whatever the tensions of the day and hour — we shall remain confident and strong if we cherish knowledge as both a blessing and as the ultimate weapon of free men.

In conclusion, I wish to express again the pleasure I have enjoyed in the challenges which have been experienced in endeavoring to improve the educational systems in this supervisory union.

I do wish, at this time, to pay tribute to the loyal mem-

bers of the school board with whom I have been privileged to work, from the first members; Mrs. Lurena L. Day, the late Earl V. Howard, and Mrs. Lillian S. Swain, to, and including, your present board members.

Special mention is made to a loyal member who has served continuously since I came to this supervisory union in 1947 — Mrs. Lillian S. Swain, a member whom I cannot recall as ever having missed an annual district meeting, a local board meeting, nor an annual supervisory union meeting since 1947. An envious record.

I hope, for my successor, the continued interest and support of the board members; the loyalty and cooperation of the teachers, each of which has made my administration a pleasant task.

The school, as a community institution, is more than a matter of organization and financing, or a collection of buildings, teachers, and pupils. Its place in the community is that which all of the people, including its own leadership, conceive it to be. It should be an integral part of all community activity.

The report of Mrs. Muriel LaMott, R. N., follows.

Respectfully submitted,

Phil A. Bennett

In order to keep my School Nurse-Teacher Certification requirements current, I took two courses during the school year. One was an extension course from the University of New Hampshire and the other was a TV extension course from Colby College in Maine and approved by the N. H. State Department of Education for certification credit.

I want to thank Mr. Bennett, Mr. White and his staff, the parents and pupils for their continued cooperation and support of the school health program.

Respectfully submitted,

the same time, the fact that the same person can be both a subject and an object of a relation, and that the same relation can be both a subject and an object of a relation, is not a contradiction. It is only a contradiction if we suppose that the same person can be both a subject and an object of a relation at the same time, and that the same relation can be both a subject and an object of a relation at the same time. But this is not the case. A person can be both a subject and an object of a relation at different times, and a relation can be both a subject and an object of a relation at different times. For example, a person can be both a subject and an object of a relation of being a subject and an object of a relation at different times, and a relation can be both a subject and an object of a relation at different times.
